MEMORANDUM FOR: Deputy Director for Support

SUBJECT: Proposed Demolition of Buildings on the

[REDACTED]

1. This memorandum contains a recommendation for the approval of the Deputy Director for Support. Such recommendation is contained in paragraph 7.

2. We recently inspected the house and other buildings located on the [REDACTED] which is a part of the 26 acres acquired by condemnation proceedings. The inspection indicated that all of the buildings, and especially the house itself, are deteriorating at a rapid rate. At the present time, no maintenance is being performed on this property.

3. The inspection further disclosed high grass and weeds in the immediate vicinity of the buildings, which adds to a potential fire hazard.

4. We have been advised by the Office of Security that the Security Patrol regularly covers this area by jeep, much to the discomfiture of the neighbors. They have registered no formal complaint, but there have been implied objections to the noise and bright lights of the jeep at all hours of the night. Further, this regular patrol adds to the workload of the security guards who must

[REDACTED] and thence to the property.

5. The Building Manager, Headquarters, is aware of his responsibility to cut the grass and weeds and has contracted to do so. He has received no direction to repair or maintain the buildings and there appears to be no reason that he should be given such direction.

6. Insofar as the Agency is concerned, we see no present or future requirement for the house and the miscellaneous buildings.

STATINTL

SUBJECT: Proposed Demolition of Buildings [REDACTED]

Each of the structures has a minimum amount of salvable lumber and the house contains a heating plant and sanitary facilities.

7. It is recommended that you approve the demolition of these structures. If you so approve, we will advise the General Services Administration that the house and other buildings are surplus to our needs and request disposal action. STATINTL
